Station Description

The site is located at the forestry centre at the SW corner of 84 Ave and 108 St in Grande Prairie. The point is inside the workshop building in a small engine repair room where the air compressor is located for the air handlers. The room is accessed by a service door beside large garage door to the service bay which is the first door south of the main entrance to the building. The door to the room is 4 m inside the service door on the right facing west. The point is a carriage bolt in the floor in the NE corner of the room and marked an aluminum disk on the wall
